On the publication of this report

The UACJ Report 2020 is an integrated report combining the Company's business performance and financial information with general information about its management strategies, global business development plans, ESG activities, and other data.

UACJ has published integrated reports annually since fiscal 2015 to help stakeholders in Japan and worldwide gain a clear and comprehensive understanding of the Company. The report also includes an overview of market trends in the flat-rolled aluminum market so readers who are new to the Company can easily understand our business environment.

The report was prepared with input from departments throughout our organization and with reference to the International Integrated Reporting Framework of the International Integrated Reporting Council (IIRC) and the Guidance for Integrated Corporate Disclosure and Company-Investor Dialogue for Collaborative Value Creation of the Japanese Ministry of Economy, trade and Industry (METI).

We hope our stakeholders will gain a deeper understanding of our activities from this report and support us in our drive to continue enhancing the corporate value of UACJ.
